2. Your creation should be homemade and something special, as one would experience with fine dining. The more delicious, beautiful, unique, and tasty – looking, the more money will be bid.
3. Donors will fill out dessert cards, with: name, address, phone, the type and name of your dessert, and any applicable allergy warnings. A stack of these cards will be available at the venue for you to complete when you bring your dessert. We will display your card with your dessert.

If you are unable to attend, please contact Terry Booker, 419-525-2253 or John Jacopelle, 863 679-7501 to give them the information for your dessert card. Please also make arrangements with someone from your club or caucus to deliver your cake if you are not attending.

This is how we do the Dessert Auction -

As your table gets called to the buffet line, please take a close look at the dessert table. Consider which one you would most like to enjoy after your meal. When your table members have all returned to their seats, everyone decides which dessert they would like to share. The table representative should check if anyone at their table has a food allergy that would limit a particular dessert selection.

Then decide how much you are willing to donate for that dessert. Place your money - cash or check - in the dessert envelope on the table. The envelopes will be collected, and the money counted.

The table with the highest amount of money will get first choice to select their dessert. Second highest next and so on.
